## **Special Collection Solid Waste**

Any type of solid waste not reasonably capable of being placed in an automated collection cart or any item not reasonably capable of being reduced in size not exceeding four (4) feet in length, twenty-four (24) inches in diameter and fifty pounds (50) in weight.

Examples include:

- household furnishings
- appliances
- electronics
- bicycles and other bulk items
- each household shall be entitled to set out up to four (4) automobile tires with or without rims for collection per year

Please call Waste Management Customer Service at the numbers listed below for "special collection solid waste" or if you have questions concerning your service or collection days.
